Shepherd School District UNPRICED REPAIR SCOPE

NOTE:

This document contains the unpriced estimated scope for Shepherd School District - 7842 Shepherd Road, Shepherd, MT 59079. For pricing purposes, it is advised to inspect the property and available documentation, and to become familiar with the scope and prevailing conditions. It is the contractor's responsibility to verify all scope and quantities prior to bidding. Any deviation from the scope should be brought to the attention of the school representatives. The user should be aware that the quantities included are calculated net of wastage and laps.

User note: please provide a list of all assumptions and exclusions when pricing this document.

General Building Description:

Map Location 1: K-12 School 34254-02

The Shepherd K-12 School is located at 7842 Shepherd Road, Shepherd, MT. The structure consists of multiple additions of various age. It contains both single and two-story sections. The structure primarily contains low sloped roofs covered with a single membrane or a synthetic rubber. The remainder of the structure is covered with either architectural asphalt shingles or metal roofing. The exterior cladding consists of either metal, masonry, or stucco. The combined structure is approximately 150,000 square feet.

Map Location 2: Athletic Storage Shed 34254-02-09

The Athletic Storage Shed is located adjacent to the High School and Middle School portions of the K-12 School near the Home Crows Nest. The structure is a single story storage shed with wood cladding and a gabled metal roof. The structure is approximately 10 years old and approximately 392 square feet.

Map Location 3: Bus Barn 34254-02-05

The Bus Barn is located southwest of the K-12 campus at 7850 Bus Barn Road. The structure is a pole barn with metal cladding, metal roofing, and a 16' eave height. The structure is approximately 32 years old and approximately 12,930 square feet.

Map Location 4: Grand Stand/Storage 34254-02-11

The Grand stand/Storage building is located adjacent to the home side of the football field. The structure is a concrete masonry unit (CMU) storage structure with wood framed grand stand seating over it. The structure is approximately 52 years old and approximately 2,400 square feet.

Map Location 5/10: Storage Building - Paper / Water Treatment Plant 34254-02-08 / 34254-04

The Paper Storage Building and the Water Treatment Plant are the same structure. It is located within the K-12 campus in front of the new elementary school area. The structure is a single-story storage metal building with a 14' eave height. It has metal cladding and a gabled metal roof. The structure is approximately 30 years old and approximately 1,800 square feet.

Map Location 6: Storage Quonset - Paper 34254-02-07

The Storage Quonset is located within the K-12 campus adjacent to Ball Field C. The structure is a single-story metal quonset hut with enclosed ends. The structure is approximately 45 years old and approximately 860 square feet.

Map Location 7: Storage Shed 34254-02-06

MKA International, Inc.

2310 N. Molter Road, Suite 310
Liberty Lake, WA 99019
(509) 226-1488 (O)
(206) 267-2906 (F)

The Storage Shed is located within the K-12 campus adjacent to the Greenhouse. The structure is a single-story storage shed with wood cladding and gambrel roof with architectural shingles. The structure is approximately 33 years old and approximately 160 square feet.

Map Location 8: Storage Shed Football 34254-02- 10

The Storage Shed is located within the K-12 campus adjacent to Visitors Crows Nest. The structure is a single-story storage shed with wood cladding and gable roof with architectural shingles. The structure is approximately 21 years old and approximately 390 square feet.

Map Location 9: Vo-Ed Annex 34254-02-0 4

The Vo-Ed Annex is located within the K-12 campus adjacent to the east end of the football field. The structure is a single-story storage metal building with wood framed additions of various age. It has metal cladding and gable roofs with both metal and single ply membrane roofing. The interior of the structure contains unfinished shop areas as well as finished classroom areas. The structure is approximately 12,000 square feet.

Map Location 11: Fencing, Signage, and Playground Equipment (General Site) 34254-05

Map Location 11 is a placeholder for outdoor property located within the K-12 campus to include fencing, signage, playground equipment, lights, landscaping, benches, and tables.

Map Location 12A: Daycare/Old admin 34254-06

The Daycare/Old Admin building is located at 5420 Highland Avenue. The structure is a two-story residence constructed on a concrete foundation with a basement. It has vinyl cladding and windows with architectural shingle roofing. The roof is a combination of gable, overbuild, and shed roofs. The interiors are finished with painted gypsum wall board (GWB), carpet or vinyl flooring, and stain-grade finish carpentry. The structure is approximately 47 years old and approximately 3,500 square feet including all floors.

Map Location 12B: Shed 34254-06

The Storage Shed is on the Daycare/Old Admin Property. The structure is a single story storage shed with wood cladding and gable roof with architectural shingles. It appears to be a well pump house. The structure is approximately 47 years old and approximately 16 square feet.

Map Location 13: Garage 34254-03-01

The Garage is located on the Teacherage property. The structure is a single story storage building with wood cladding and gable roof with architectural shingles. The structure is approximately 45 years old and approximately 900 square feet.

Map Location 14A: Teacherage 34254-03

The Teacherage is located at 7920 Highland Avenue. The structure is a single story residence with wood cladding, vinyl windows, and gable/shed roof covered with architectural shingles and rolled asphalt. The structure is approximately years 95 old and approximately 1400 square feet.

Map Location 14B: Storage Shed 34254-03

The Storage Shed is located on the Teacherage property. The structure is single story with wood cladding and metal shed roof. The structure is approximately 30 years old and approximately 87 square feet.

MKA International, Inc.

2310 N. Molter Road, Suite 310
Liberty Lake, WA 99019
(509) 226-1488 (O)
(206) 267-2906 (F)

Map Location 15: Greenhouse

The Greenhouse is located within the K-12 campus adjacent to the football field and Vo-Ed Annex. The structure is a metal framed greenhouse with corrugated polycarbonate walls and rounded gable roof. The structure is approximately 5 years old and approximately 912 square feet.

Map Location 16A: Maintenance Building

The Maintenance Building is located within the K-12 campus adjacent to the old elementary school section. The structure is a single story storage building with vinyl cladding and gable roof covered with architectural shingles. The structure is approximately 30 years old and approximately 1212 square feet.

Map Location 16B: Maintenance Shed

The Maintenance Shed is located within the K-12 campus adjacent to the Maintenance Building. The structure is a single story shed with wood cladding and gable roof covered with architectural shingles. The structure is approximately 20 years old and approximately 200 square feet.

Map Location 16C: Maintenance Shed

The Maintenance Shed is located within the K-12 campus adjacent to the Maintenance Building. The structure is a single story shed with wood cladding and gable roof covered with architectural shingles. The structure is approximately 30 years old and approximately 120 square feet.

Map Location 17: Home Crows Nest

The Home Crows Nest is located within the K-12 campus adjacent to the football field and the Grandstand/Storage building. The structure is a wood framed shed built up at a second-story level supported by wood pier and beam framing. Access to the structure is through the grandstand seating. The structure has metal cladding and a metal shed roof. The structure is approximately 40 years old and approximately 141 square feet.

Map Location 18: Visitors Crows Nest

The Storage Shed is located within the K-12 campus adjacent to the football field and the Storage Shed Football building. The structure is a wood framed shed built up at a second-story level supported by steel pier and beam framing. Access to the structure is through an attached staircase. The structure has metal cladding and a metal shed roof. The structure is approximately 20 years old and approximately 141 square feet.

Map Location 19: Storage Shed

The Storage Shed is located within the K-12 campus adjacent to the basketball courts. The structure is a wood framed shed with wood cladding and gable roof covered with architectural shingles. The structure is approximately 20 years old and approximately 48 square feet.

Map Location 20: Storage Shed

The Storage Shed is located within the K-12 campus in between the high school and middle school wings of the K-12 building. The structure is a wood framed shed with wood cladding and gabled metal roof. The structure is approximately 10 years old and approximately 85 square feet.

Map Location 21: Storage Shed

The Storage Shed is located within the K-12 campus adjacent to the new elementary school wing of the K-12 building. The

MKA International, Inc.

structure is a metal framed shed with metal cladding and metal shed roof. The structure is approximately 10 years old and approximately 26 square feet.

Map Location 22: Storage Shed

The Storage Shed is located within the K-12 campus adjacent to the quonset hut. The structure is a wood framed shed with wood cladding and gable roof covered with architectural shingles. The structure is approximately 15 years old and approximately 390 square feet.

Map Location 23: Chemical Storage Building

The Chemical Storage Building is located within the K-12 campus adjacent to the quonset hut. The structure is a wood framed shed with wood cladding and gable roof covered with architectural shingles. The structure is approximately 15 years old and approximately 906 square feet.

Map Location 24: Storage Shed

The Storage Shed is located within the K-12 campus adjacent to the quonset hut. The structure is a wood framed shed with wood cladding and gable roof covered with architectural shingles. The structure is approximately 15 years old and approximately 300 square feet.

Map Location 25: Gazebo

The Gazebo is located within the K-12 campus adjacent to the quonset hut. The structure is wood framed with open elevations and a dividing wall in the middle separating two seating areas. It has a gable roof covered with architectural shingles. The structure is approximately 20 years old and approximately 336 square feet.

Map Location 26: Concessions Stand

The Concessions Stand is located within the K-12 campus in between Ball Field A and Ball Field B. The structure is a wood framed shed with metal cladding and a metal shed roof. The structure is approximately 20 years old and approximately 389 square feet.

Map Location 27: Storage Shed

The Storage Shed is located within the K-12 campus in between Ball Field A and Ball Field B. The structure is a wood framed shed with wood cladding and gable roof covered with architectural shingles. The structure is approximately 20 years old and approximately 100 square feet.

Map Location A: Ball Field A

Ball Field A is located on the west end of the K-12 campus. It contains a baseball field, batting cage, score board, bleachers, tables, and wood framed dugouts with metal roofing.

Map Location B: Ball Field B

Ball Field B is located on the west end of the K-12 campus. It contains a baseball field, batting cage, score board, bleachers, tables, and wood framed dugouts with metal roofing.

Map Location C: Ball Field C

Ball Field C is located on the west end of the K-12 campus. It contains a baseball field, batting cage, score board, bleachers, tables, and wood framed dugouts with metal roofing.

Liberty Lake, WA 99019
(509) 226-1488 (O)
(206) 267-2906 (F)

Map Location D: Ball Field D

Ball Field D is located on the west end of the K-12 campus. It contains a baseball field, batting cage, score board, bleachers, tables, and wood framed dugouts with metal roofing.

Map Location E: Ball Field E

Ball Field E is located on the west end of the K-12 campus. It contains a baseball field, batting cage, score board, bleachers, tables, and wood framed dugouts with metal roofing.

Map Location F: Ball Field F

Ball Field F is located on the west end of the K-12 campus. It contains a baseball field, batting cage, score board, bleachers, tables, and wood framed dugouts with metal roofing.

Mechanical, electrical and plumbing systems (MEPs) are typical for structures of this nature.

General Building Condition:

The buildings appeared to be in good condition with the exception of the immediately affected areas.

Description of Affected Elements:

The following items were affected as a result of the hail storm via hail impact or water intrusion:

Map Location 1: K-12 School 34254-02

- Architectural shingle roofing assembly
- Metal roofing assembly
- Gutter/downspout
- Exhaust vents
- HVAC units and conduit
- Window screens
- Cladding and paint

Known Owner Requirements at This Time:

The contractor will conduct all repairs per the school representative scheduling. All contractors will inform the school representative upon arriving and departing the school grounds.

Scope Formats:

Enclosed is an Area - Location - Item Report which is used to verify (or modify) the estimated scope on a room by room or building by building, etc. basis.

The scope is subject to the following assumptions and exclusions:

Assumptions:

- The work will be completed by one (1) general contractor making use of trade subcontractors.
- Work will be performed when and where authorized by the school representatives.
- Materials and equipment are supplied by local vendors when available.
- Repairs will be performed in a code-compliant manner.
- Contractor to include permit fees.

Exclusions:

Costs associated with:

- Overtime/acceleration.
- Betterments.

Limitations:

MKA provides construction consulting services to Property Owners and to Construction, Legal & Insurance Industries (including residential/commercial owners, contractors, architects, engineers, insurers, attorneys, etc.).

Any terms utilized in this unpriced repair scope that are typically referenced in insurance claims are only included if defined and directed by the insurance carrier and/or their representatives.
